

## Backer Plate- Annual Rye

Variable Transmission

Cells Per Disc: 60 Cell Milo

Bulk Fill tank Settings: 8-10 (inches of water)

**NOTE: "Reference Population" is used only to set rates and will not match the measured planter monitor population**

| Monitor will adjust meter RPM for row spacing |                             |                       |                             |
|---|-----------------------------|-----------------------|-----------------------------|
| *Reference Population                         | Application Rate (lbs/acre) | *Reference Population | Application Rate (lbs/acre) |
| 128,250                                       | 24.7                        | 99,000                | 19.0                        |
| 126,000                                       | 24.2                        | 96,750                | 18.6                        |
| 123,750                                       | 23.8                        | 94,500                | 18.2                        |
