

## Kinze EdgeVac Small Cell Disc- Radish

Variable Transmission

Cells Per Disc: 60

Meter Vacuum Setting: 10-12 (inches of water)

Bulk Fill tank settings: 8-10 (inches of water)

NOTE: "Reference Population" is used only to set rates and will not match the measured planter monitor population

| Monitor will adjust meter RPM for row spacing |                             |                       |                             |
|---|-----------------------------|-----------------------|-----------------------------|
| *Reference Population                         | Application Rate (lbs/acre) | *Reference Population | Application Rate (lbs/acre) |
| 145,000                                       | 27.1                        | 111,250               | 20.8                        |
| 142,750                                       | 26.7                        | 109,000               | 20.4                        |
| 140,500                                       | 26.3                        | 106,750               | 20.0                        |
